Complete Theme bike

\$35,000.00 (plus PST)

Bike was created as a corporate theme bike for the web based clothing line of Emily the Strange. Key concepts of the web site can be seen throughout this project. Many hours of custom fabrication went into unique parts and finishing to create this one off design to set this bike apart from the norm. Nutz Custom Cycle used their creative influence to put together a one of a kind theme creation that is simply....."*something different*"
